# CHILDREN TODAY

In the United States, thousands of children are physically, emotionally, or sexually abused, and neglected everyday.

In too many cases, children are hurt by the people that are supposed to love them most.

These children come to us confused, fearful, hurt, and depressed. They have lost their trust in adults.

We need homes with loving and nurturing families to provide a place for them, in both their homes and hearts.

We need families that are willing to go the extra mile to see the children happy and with a better future.

Become a Foster Parent. For more details, call us today!  
Let's Provide a better future for our children.
